

**Building Owner/Property Management Permission Letter for
Installation of The Capitol Connection TV Receiving Equipment for Tenants**

I hereby grant permission to the nonprofit George Mason University Instructional Foundation, Inc., trading as The Capitol Connection, to install its receiving antenna and an antenna for reception of local channels at the address below. Installation shall be in accordance with good engineering practices and shall conform to normal television service installations. The Capitol Connection receiving antenna will not exceed 39" in diameter and will be approximately six to eight feet above the roofline. We understand that the building owner(s) and representative(s) will not incur costs for the installation or maintenance of this equipment.
